Homecoming 1980-1981

Homecoming 1980-1981 was a week of new activities and tradition. Among the new activities was a Homecoming dance, tradition — the presentation of the Royalty. This year's court consisted of Eileen Murphy, Lynn Gudmundson, Trish Nordheim, and Mark Miller. Kari Looyesen and John Scheck were selected by the student body as the reigning King and Queen.

The Senior Class

*I cannot but remember
such things were, that were
most precious to me.
— Shakespeare*

As each year ends, it comes to mean certain things
to each of us . . .
the fads of the time, what was in, and what
what was definitely out . . .

"Wouldn't we make a lovely couple?"

"But it's in the left ear!!!"

"When you've got it, flaunt it!!!"

"Eek, it's alive!!!"

... the stunts that were pulled ...

"You're late!!"

"I'm a pound over?"

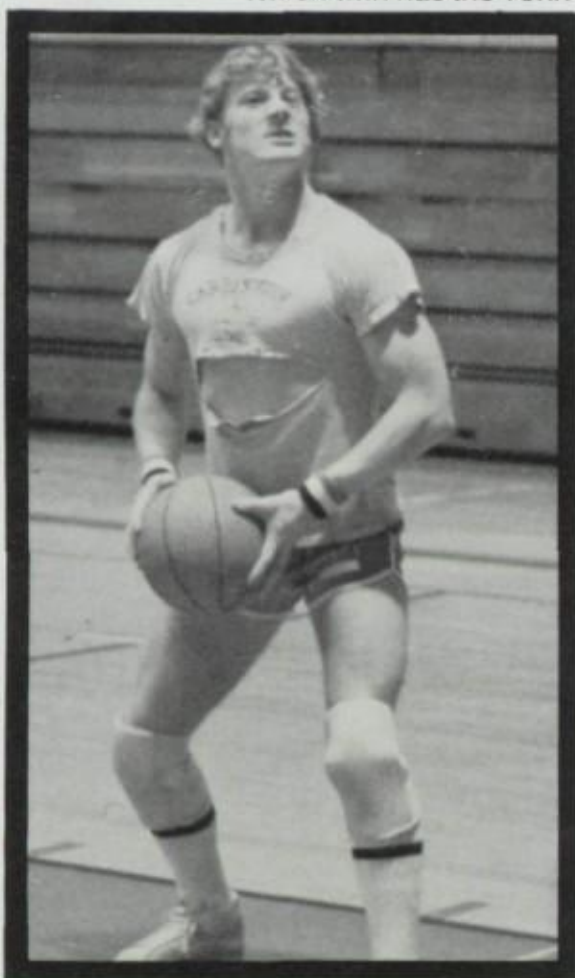

"I can't sing this high!!"

... new friends ...

"Which twin has the Toni?"

things that happened ...

"The Incredible Hulk"

"Dark meat or white?"

COACHES' COMMENTS

The 1980 Girls' Basketball season started with over 200 teams, all setting goals toward reaching the State Tournaments. To make it there is an accomplishment in itself; to place third even greater. These girls have experienced something that many can only dream about. They have shown that with hard work, determination, and a little luck, sometimes dreams can become reality.

Switch Day *n / swich da/* A day in which someone over 21 (preferably a parent) comes to school in place of a student. This day is supposed to be a normal school day with the parents doing the student's work for the classes and taking the student's notes. (It was a typical day until the parents got a coffee break.) The parents were polled afterward. 36% thought that a switch day was an effective method of informing parents. 39% thought the school building was well taken care of. 30% thought that the student behavior was good. (One person did comment on the couple of girls who wouldn't be quiet, though.) 45% thought the quality of the staff was good. Most of the parents expressed a desire that this experiment be repeated again next year.

Front: B. Nelson, M. Lesmann, K. Hollatz, K. Koch, B. DeBolt. 2nd row: J. Zaun, B. Merhing, R. Heinitz, B. Erickson. 3rd row: Mr. Pederson, E. Tuhy, C. Smith, C. Bauer, D. Fruhwirth, R. Elken.

Coach Pederson was justifiably proud of his gold team. They only lost 2 meets and took 2nd in the Regionals and 5th in the state.

Graduating Class of "81"

ODE TO THE SENIORS

We've passed through these years together
Growing closer as time goes by
Learning to share with each other
And beginning to understand life.

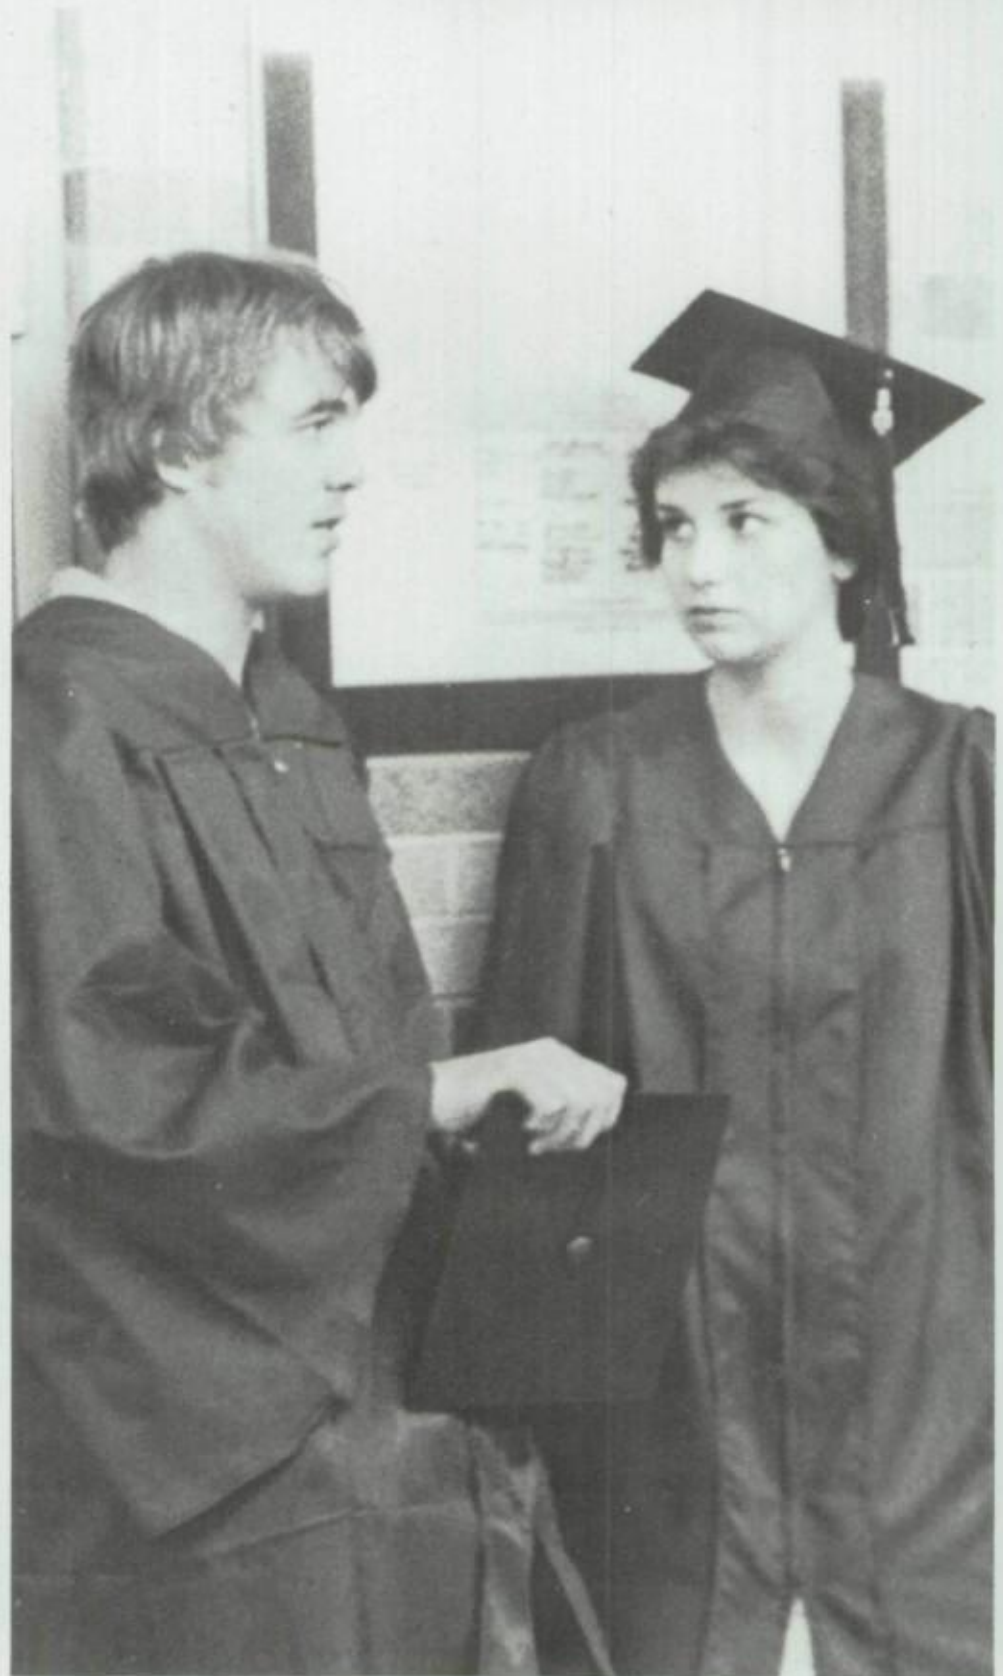

We want you to always remember
The good times that we have all shared
The fights, the love and the laughter
And knowing that each of us cared.

We all have a long road ahead of us
But you are the first to go
And our thoughts will go along with you
Of the love and the friendship we've known.

The Juniors

Class Motto: The future is ours to see
What we make it
Is what it will be
Class Colors: Maroon and Silver
Class Flower: Rose

TO A FRIEND

I love you not only for what you are, but for what I am when I am with you.

I love you not only for what you have made of yourself, but for what you are making of me.

I love you for the part of me that you bring out.

I love you for putting your hand into my heaped-up heart and passing over all the foolish and frivolous and weak things that you can't help dimly seeing there, and for drawing out into the light all the beautiful radiant belongings that no one else had looked quite far enough to find.

I love you for ignoring the possibilities of the fool and weakling in me, and for laying firm hold on the possibilities of the good in me.

I love you for closing your ears to the discords in me, and for adding to the music in me by worshipful listening.

I love you because you are helping me to make of the timber of my life not a tavern, but a temple, and of the words of my every day not a reproach, but a song.

I love you because you have done more than any creed could have done to make me happy.

You have done it without a touch, without a sign, without a word.

You have done it first by being yourself.

After all, perhaps this is what being a friend means.
